

Decorating Sewlutions:

LEARN TO SEW AS YOU DECORATE YOUR HOME

Book Synopsis

No more spending more than you can afford on decorating your home! **Decorating Sewlutions:** *Learn to Sew As You Decorate Your Home* by DIY guru, Donna Babylon, shows you how to make simple, fashionable, and creative home furnishings—all with an eye on the budget. Plus, *you* are in control. You pick the fabrics, the style, and the details. It's so easy to create your individual style by doing it yourself because you are virtually guaranteed that your item will be one-of-a-kind. You will never have to worry about walking into your neighbor's home and having to say, "Oh, I have those exact same curtains [or duvet cover, or pillows]."

The projects in the book are very simple—both in design and construction. According to Donna, projects don't have to be complicated to be beautiful. None of the projects require confusing pattern pieces—just a few simple geometric shapes that can make more than 100 items including a Roman shade, an ottoman, and even a memo station. The sewing techniques are kept to a minimum (only three) and are super-easy to accomplish.

Decorating Sewlutions is the perfect how-to book for novice seamsters! Inside you'll find everything you need to know about sewing basics in an easy-to-follow conversational tone. The instructions are encouraging and inspire even the most inexperienced sewers to create their own personalized décor and feel proud of the results. Plus, as a bonus, entire chapters are dedicated to decorating including how to work with color, select fabric and even how to arrange furniture. Information on how to shop a fabric store, set up a work area, and how to buy a sewing machine are also detailed.

So, what are you waiting for? Your one-of-a-kind interior awaits!
